

HOLIDAY SAFETY TIPS

Check your electrics

Check Xmas lights and extension cords for damage. Avoid overloading sockets.

Secure Decorations

Secure decorations safely, keep pathways clear, and use a stable ladder if hanging decorations at height.

Manage the Heat

Stay cool by hydrating, taking breaks, and finding shade in warm areas

**Celebrate
safely this
Christmas!**

Check Outside Areas

Having a Xmas BBQ? Look for trip hazards like uneven surfaces or loose materials. Keep pathways clear.

Unplug Non- Essential Equipment

Before leaving for the holiday break, switch off and unplug equipment you don't need. It's a simple way to reduce fire risks and save energy.
